

The Motivation Hub

Day opportunities for those who learn differently

Mission statement

We endeavour to offer meaningful and varied day opportunities, supported by an experienced and dedicated staff team who value and respect all individuals. It is our aim to support clients to reach their maximum potential, whilst having fun and gaining confidence. To achieve this we use a holistic approach striving to support and motivate individuals to achieve their personal goals, wishes and needs.

Assessments

We would like to work in partnership with the client and people who are important to them (carer/parent) to carry out a full and detailed assessment. This is to ensure that our support at The Motivation Hub Ltd is bespoke to their individual needs. We hope the time spent with us will be happy, fun and meaningful to each individual.

Age

Placements can be offered to any client 18 years of age upwards. Should placements be available we will gladly assess clients coming up to 18 (17 years and 10 months upwards) with review of a placement after their 18th birthday. A transition period would be offered for 3 months.

Challenging Behaviour

The Motivation Hub Ltd maybe able to offer placements to clients who can be challenging. However they would need to be supported for the duration of the day by their own PA. The building can offer a quiet room should it be required throughout the day. Initially the placement will be offered short term and reviewed regularly.
